DS-2DT6223-AELY 2.0 MP Anti-Corrosion Network PTZ Camera

smart PTZ

Hikvision DS-2DT6223-AELY Anti-Corrosion PTZ Camera avoids acidic and neutral salt fog corrosion. DS-2DT6223-AELY captures high quality colored images in dim light environment with its low illumination, down to 0.002 Lux (color). The embedded 1/1.8" progressive scan CMOS chip makes true WDR (120 dB), and 2.0 MP real-time resolution possible. With the 23 × optical zoom, and Day/Night IR cut filter, the camera offers more details over expansive areas.

The Anti-Corrosion PTZ Camera features a wide range of smart functions, including face detection, intrusion detection, line crossing detection, and audio exception, benefitting users with great improvement on security efficiency, more importantly, with key events/objects being recorded for further forensic needs. These features, combined with smart tracking, which enable the camera to detect any progressively moving object, and follow it within the camera's coverage area without fault. Smart defog and EIS (Electronic Image Stabilization) are supported to improve image quality in challenging conditions.
